

Borough of Coopersburg

S. Main St. (Thomas to Tilghman Sts.)

Phase 6 Streetscape Project

Questions & Answers from 5/25/2023 Public Meeting

- **Question 1:** How can I obtain a copy of the Coopersburg S. Main Street (Phase 6) Streetscape PowerPoint presentation?

Answer 1: A PDF of the Coopersburg S. Main Street (Phase 6) Streetscape presentation is available on the Borough website at <http://www.coopersburgborough.org/wp-content/uploads/2023/06/BOC-Streetscape-Phase-6-Presentation-5-25-2023.pdf>

- **Question 2:** Are there any curb & sidewalk improvements on Tilghman St.?

Answer 2: No

- **Question 3:** What are the Bicycle Safe Grates at S. Main & Cherry Streets?

Answer 3: These new Bicycle Safe Storm Water Grates level out the road making it safer for Bicycle traffic.

- **Question 4:** How does Coopersburg determine the spacing of the Pedestrian Lights?

Answer 4: As this project is on a PennDOT Highway and PennDOT is the primary funding source, we must utilize PennDOT standards which are aimed at making sure that a pedestrian is always within the required luminosity of the lights. Needless to say, they must also avoid other obstacles such as driveways, intersections, utilities, etc.

- **Question 5:** Is there anyway that Coopersburg can make the color of the old sidewalk match the new sidewalk?

Answer 5: No, not in any long-lasting way short of replacing all sidewalks, which is financially improbable. Keep in mind that with time the new sidewalks will darken.
